Our Mission: To provide attentive day services for adults in a community environment that honors individuals and supports their families.

Spring Edition 2011

In February, Bethel College's Theatre Group presented the Oscar Wilde's short story, The Selfish Giant. The lights were dim and the scenery shows a castle where a two headed giant lives. The scenery, the music, the lighting, all the actors portrayed a wonderful drama.

In March the South Bend Symphony quintet created a romantic setting by playing a wide variety of love songs and Irish songs. The participants sang out loud to nearly each and every song. They had a wonderful trip down memory lane.

Milton ADS is quite the trendsetter during Mardi Gras. Our version of Hot Potato is to call go and play some music! Game players begin to toss a ball around the circle to the next player. Suddenly, STOP the music! Whichever player is holding the ball must put on a hat. As you can see our sweet Joanne was starting a vintage hat collection of her

own. Besides a woman can never have too many hats!

A special THANK YOU TO DAINTY MAID for donating a King Cake for Mardi Gras!

In April we had our spa indulgence. We offered foot renewal water massage, hand, arm massages, make-up makeovers, tension relief massage through our shiatsu massage chair, manicures, and soothing music so you could drift off to sleep during your treatment. The participants walked away refreshed and revitalized.

Bill Studebaker was an Army Med Lab Technician based in Ft Sam Houston and Herlong California. Bill graduated from Berkeley in California. Bill taught Biology, Anatomy, and Physiology in High School for 20 years. Married 29 years, has two children, three grandchildren. In 2006, Bill spoke before Congress to testify as to how the VA was allocating and using their money for disabled Veterans. Bill is quite the cook and wine connoisseur. He especially enjoys making Osso Buco Italian Dish for his beautiful wife. In the picture Bill is celebrating his love for corvettes at our car show at the Milton ADS. We love Bill!
